RE: Ammonia NACWA/ACWA meeting (10/29-30), Potomac Yards (EPA space)

Brian,

As requested here is the follow up items re: the NACWA/ACWA ammonia meeting

- Dropped off materials (*draft updated NACWA agenda and list of participants, our WPD/MSD Q's to OST*) from today's WPD/MSD prep meeting we had to start to get ready for the upcoming 10/29 NACWA meeting
- Sent you an appt for you and I to touch base prior to my attendance to OST's prep meeting on Wed.
- **NACWA meeting OWM Attendance –**
  - **WPD** – Presently, Ginny and I are the only ones going from OWM to the NACWA meeting unless Tom Lavery joins us which he said he might.
  - **MSD** – no one from MSD per Bill Anderson. Phil and Bonnie are out of the country and MSD has disinvested in treatment technologies (due to shrinking staff including engineers etc.). Phil can still answer periodic questions on ammonia.
